**Included:** All clerical, secretarial, and administrative employees of PPQ, APHIS, USDA in the field, excluding headquarters, the regions and training.

### Section 3. ***Eligibility***

---

## ARTICLE 2.

### **Recognized Level of Authority**

#### Section 1. ***Level of Authority***

(a) For the Employer:

1. National (Deputy Administrator and/or designee)
2. Region (Regional Director and/or designee)

(b) For the Association:

1. National (President and/or designee)
2. Regional (Regional Vice-President and/or designee)

---

## ARTICLE 3.

### **Administration**

In the administration of all matters covered by this Agreement, officials and employees are governed by existing or future laws and regulations of appropriate authorities, including policies set forth in the CFR and OPM policies; by published Agency policies and regulations in exis-

tence at the time the Agreement was approved; and by subsequently published Agency policies and regulations required by law or by the regulations of appropriate authorities, or authorized by the terms of the controlling agreement at a higher Agency level.

---

#### ARTICLE 4.

### **Changes in Rules and Regulations**

Changes in rules and regulations by higher authority than the Program, which give the Program no discretion in the matter, do not preclude the Association from requesting an exception to said rules and regulations for the Association bargaining unit.

---

#### ARTICLE 5.

### **Rights And Obligations Of Management/ Union**

The rights and obligations of management and the union are contained in Title 5 of the US Code Government Organization and Employees.

## Section 1. ***Status of Organization and Officers***

The Association agrees to maintain with the Employer on a current basis a complete list of all elected officers, committee persons, and all other representatives. Such lists shall include the employee's name, position title, address, and telephone number with the understanding that such information shall be used only for official purposes.

## Section 2. ***Membership***

An employee will not be required to become or remain a member of this Association or to pay money to the Association except pursuant to a voluntary written authorization for the payment of dues through payroll deduction.

---

## ARTICLE 6.

## **Consultation and Negotiations**

### Section 1. ***Definitions***

For the purpose of this Agreement, the following definitions shall apply:

- A. *Negotiations* - Bargaining on appropriate issues relating to personnel policies and prac-

tices affecting the conditions of employment with a view of arriving at a mutually agreeable position.

- B. *Consultations* - Verbal discussion or written communication with representatives of labor organizations for the purpose of obtaining their views on matters of appropriate concern to employees in the representative unit.

## **Section 2. *Scope of Consultation and Negotiations***

It is the mutual obligation of the Employer and this Association to negotiate or consult *in good faith*. Matters appropriate for consultation or negotiation with this Association shall include personnel policies and practices, and other matters affecting general working conditions applicable to the employees represented.

Except as provided pursuant to Article 5, when the Employer proposes to change established personnel policies, practices, and matters affecting working conditions during the term of this Agreement the Association will be formally notified and given an opportunity to negotiate. The Association will have fourteen (14) calendar days in which to submit proposals for negotiation on

such changes. Negotiations will be conducted as specified herein unless there is a negotiable dispute to be resolved under rules and regulations of the Federal Labor Relations Authority (FLRA). The Association's failure to respond within fourteen (14) days will indicate they do not wish to negotiate.

### **Section 3. *Latitude and method for negotiations***

Negotiations will be conducted on those personnel policies, practices, and other matters affecting working conditions which are determined to be negotiable under Title V, and can be identified as applying to the members of the representative unit. The levels of management at which negotiations on specific subjects shall be conducted will be determined by the authorities delegated to that level by higher levels of management. Both Parties have the responsibility to conduct all negotiations in accordance with the intent and purpose of Title VII and applicable administrative regulations. It should be understood that the obligation to bargain does not imply the obligation to reach agreement, although both Parties will make a concerted effort to this end. Each party also has the responsibility to thoroughly review the negotiation proposals of

the other and, if found unacceptable, to state its reasons for rejection or to submit a counter-proposal. Additionally, management officials shall make themselves available at reasonable times and with reasonable promptness to negotiate the Agreement.

#### **Section 4. *Interpretation of Regulations***

If, in connection with negotiations, an issue develops as to whether a proposal is contrary to law, regulation or Title V and therefore not negotiable, it shall be resolved as follows:

1. An issue which involves interpretation of a controlling agreement at a higher Agency level is resolved under the procedures of the controlling agreement, or, if none, under Agency regulations.
2. A labor organization may appeal to the Federal Labor Relations Authority (FLRA) for a decision when:
  - (a) It disagrees with management's determination that a proposal would violate applicable law, rule or government wide regulation, or Title V, or

- (b) It believes that an Agency's regulations, as interpreted by the management, violate applicable law, regulation of appropriate authority outside the Agency, or Title V.

## **Section 5. *Negotiating Committees***

The negotiating committee for both the Employer and the Association will normally be limited to not less than one (1) or more than three (3) members for each side. However, if the parties mutually agree, the number of negotiators on both sides may be expanded. The Employer and the Association also realize that interested and appropriate representatives of both parties may wish to attend sessions as observers. With mutual consent of the Parties, observers may be allowed to attend negotiating sessions, although they will not, without consent of both parties, be allowed to participate while the negotiations are in progress. Nothing stated herein, however, is construed to restrict the parties from privately consulting such observers during caucuses or breaks in negotiations.

## **Section 6. *Logistics***

Negotiations will be conducted at a time and place mutually agreed upon by the parties and

can be performed via electronic means. Agreement will be applicable only to the unit for which negotiated.

## **Section 7. *Official Time***

- a. Pursuant to Title 5, § 7114, the appropriately recognized union official shall be permitted reasonable representative official time. The Association will provide the Employer the names of officers and stewards for the purposes of granting this time.
- b. Requests for official time will be submitted, using the official time form, to the immediate supervisor. This form must be attached to the employees Time and Attendance sheet to ensure proper coding. The Supervisor's permission will normally be granted except when work loads preclude such release. When permission is not granted when requested, it will be granted at a later time. Permission will be obtained also from the immediate Supervisor of any Employee being contacted. The Union agrees that its officers and stewards will guard against the use of excessive time in performing duties considered appropriate by the Agreement.

- c. Association representatives attending official meetings at the request of the Employer shall be provided official time and travel expenses.
- d. Employees who represent this Association shall be on official time when participating in negotiation of a labor-management agreement in accordance with Title V guidelines of the FLRA and OPM.

### **Section 8. *Latitude and Method of Consultation***

Management officials identified in Article III, shall consult either verbally or in writing, with the appropriate officials of the Association on matters which are within the administrative discretion of the Management level involved and are appropriate for consultation. Excepted from this requirement are those Management rights identified in Section 7106, Title V.

In respect to written consultation, the responsible management official shall transmit the proposals to the appropriate Association official at least twenty-one (21) calendar days prior to the due date for receipt for comments. However, the Association agrees to expedite their comments on urgent items upon request.

Consultation meetings between the Deputy Administrator or designee and the Association will be held semi-annually or more often at the discretion of the Deputy Administrator. The Association will normally be permitted to have two (2) representatives (the President and one representative selected by the President) present at such meetings with official time and travel expenses authorized. ## **Memorandums/Letter of intent**

### MEMORANDUM OF UNDERSTANDING BETWEEN THE ANIMAL AND PLANT HEALTH INSEPCION SERVICE AND THE NATIONAL ASSOCIATION OF PLANT PROTECTION AND QUARANTINE OFFICE SUPPORT EMPLOYEES

Re: Union dues withholding

The parties to this memorandum, the National Association of Plant Protection and Quarantine Office Support Employees, hereinafter referred to as NAPPQOSE, and the Animal and Plant Health Inspection Service, hereinafter referred to as APHIS, enter into this agreement for the purpose of establishing a mutually beneficial dues withholding agreement.

1. Any employee of the USDA who is included in an NAPPQOSE bargaining unit may make a voluntary allotment for the payment of dues to the NAPPQOSE. This Memorandum of Understanding shall be made a part of every current and future Local or National agreement and shall be the only authorized method for obtaining dues withholding. Disputes between management and the union regarding eligibility

of an employee for dues withholding shall be referred to the Federal Labor Relations Authority for resolution.

2. The employee shall obtain SF-1187, "Request for Payroll Deductions for Labor Organization Dues", from NAPPQOSE and shall file the completed SF-1187 with the designated union representative. The employee shall be instructed to complete the top portion and Part B of the form. No number shall appear in block 2 of the form except the employee's Social Security number.
3. The authorized NAPPQOSE official will certify on each SF-1187 that the employee is a member in good standing of the union; insert the amount to be withheld, and the union code number (12 representing NAPPQOSE); and submit the completed SF-1187 to the following designee and address, which may be changed at the discretion of APHIS:

USDA APHIS, HRD PROCESSING  
ATTN: UNION ORGANIZATION DUES  
BUTLER SQUARE WEST, 5TH FLOOR  
100 NORTH 6TH STREET  
MINNEAPOLIS, MN 55403-1505

HRD Processing shall certify the employee's eligibility for dues withholding, and will process the dues deduction effective as of the beginning of the first full pay period after receipt of the SF-1187.

4. Deductions will be made each pay period by the National Finance Center (NFC) and remittances will be made promptly each pay period to the National Office of the NAPPQOSE. The NFC shall also promptly forward to NAPPQOSE a listing of dues withheld. The listing shall show the name of each member employee from whose pay dues were withheld, the employee's, the amount withheld, and the code of the employing agency.
5. The amount of dues certified on the SF-1187 by the authorized Union official (see Section 4) shall be the amount of regular dues, exclusive of initiation fees, assessments, back dues, fines and similar charges and fees. One standard amount for all employees or different amounts of dues for different employees may be specified. If there should be a change in the dues structure or amount, the authorized union official shall notify the HRD. If the change is the same for all members of the local, a blanket

authorization may be used which includes only the NAPPQOSE code (12), the Local number, the name and Social Security number of each member. The HRD shall promptly forward the certification to the NFC. The change shall be effected at the beginning of the first full pay period after the certification is received by the NFC. Only one such change may be made in any six month period.

6. An employee may voluntarily revoke an allotment for the payment of dues by completing SF-1188, "Cancellation of Payroll Deductions for Labor Organization Dues", by submitting it to HRD during the last full pay period of March. The HRD shall process the revocation so that it will become effective as of the first full pay period after April 1 of each year provided that the revocation was received pursuant to the aforementioned pay period in March, and provided the employee verifies that he/she has had NAPPQOSE dues withheld for more than one year. Documentation received outside the applicable time-frame will be discarded.

7. The USDA will terminate an allotment:

- (a) as of the beginning of the first full pay period following receipt of notice that exclusive recognition has been withdrawn;
- (b) at the end of the pay period during which an employee member is separated or assigned to a position not included in an NAPPQOSE bargaining unit;
- (c) at the end of the pay period during which the HRD receives a notice from the NAPPQOSE or a Local of NAPPQOSE that an employee member has ceased to be a member in good standing;
- (d) annually during the first full pay period after April 1, after receipt of the employee member's written revocation of allotment (SF-1188 or memorandum), provided that the revocation is received by the HRD during the last full pay period of March, and provided the employee verifies that he/she has had NAPPQOSE dues withheld for more than one year.

8. The HRD and the employee members have a mutual responsibility to assure timely revocation of an employee's allotment for NAPPQOSE dues when the employee is promoted or assigned to a position not included in a bargaining unit represented by NAPPQOSE. If the dues allotments continue and the employee fails to notify the HRD, the retroactive recovery of dues withheld from NAPPQOSE shall not be made, nor shall a refund be made to the employee.
9. This Memorandum of Understanding shall remain in effect for a period of two (2) years from its execution date and shall be automatically renewed for additional two (2) year periods, as long as NAPPQOSE holds exclusive recognition in USDA. Either party may notify the other party, in writing, prior to the expiration of this Memorandum of Understanding, of its intention to reopen, amend, or modify this document. In such a situation, this Memorandum of Understanding shall remain in full force and effect until a new Memorandum of Understanding has been executed.
